Electric Program Investment Charge (EPIC)	The Energy Commission is one of four administrators of energy innovation funded by the Electric Program Investment Charge. The other administrators are the state's three largest investor-owned utilities: Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company. The Electric Program Investment Charge was created to fund public interest investments in clean energy technologies and approaches for the benefit of electricity ratepayers of California's three largest electric investor-owned utilities.	Grant	Public entities, educational facilities, private entities, research organizations, national laboratories.	A solicitation shedule has been posted on the Energy Commission Research page, and solicitations will be issued starting early 2014.	Funding will vary, but project funding levels are expected to range between \$250,000 and \$5 million.	The California Public Utilities Commission established the purposes and governance for the Electric Program Investment Charge in Decision 12-05-037 for Rulemaking 11-10-003 on May 24, 2012.	\$159 million approved in FY 13/14	\$0	http://www.energy.ca.gov/research/epic/ Contact: Erik Stokes erik.stokes@energy.ca.gov 916-327-1399
Public Interest Energy Research (PIER) - Natural Gas Funding	The funds are collected from natural gas ratepayers of California Investor Owned Utilities. These funds are administered by the California Energy Commission to provide public interest natural gas research programs. The Energy Commission's PIER program supports energy related research, development and demonstration for research not adequately provided by competitive and regulated markets and that will advance science and technology and will help meet California's energy policy goals.	Grant	Public entities, educational facilities, private entities, research organizations, national laboratories.	Periodic solicitations	Varies depending on solicitation. Recent solicitations have accepted awards up to \$2 million.	SB 1250 (Perata) Chapter 512, Statutes of 2006. Energy Conservation Assistance Act (ECAA) Low Interest Loans (3%)	Funds are available for low-interest loans for energy efficiency and renewable energy generation projects. This is a continuously appropriated, revolving loan program. Funds are made readily available under the solicitation as they become available through loan repayments and interest earnings.	Loan	The Energy Commission accepts loan applications on a first-come, first-served basis. Local jurisdictions, public schools, and public hospitals are all eligible to apply.	Ongoing	The maximum loan amount is \$3 million per application. There is no minimum loan amount.	Energy Conservation Assistance Act (ECAA) funds, Renewable Resources Trust Funds, American Recovery and Reinvestment Act (ARRA) funds, and bond proceeds from ECAA Tax-exempt Revenue Bonds, Proposition 39.	\$1.8 million with 5 complete applications on wait list totalling \$10.1 million.	Estimate \$25 million in Proposition 39 funds to be allocated and clear the current wait list after the P39 Guidelines are adopted on December 19.	http://www.energy.ca.gov/efficiency/financing/index.html Contact: John Butler jbutler@energy.state.ca.us 916-654-4424
Department of Fish and Wildlife									
Fisheries Restoration Grants Program	The Program supports grants restoring anadromous salmon and steelhead habitat in coastal streams and watersheds from San Diego to Del Norte counties. Grants target projects that will directly contribute to the restoration and recovery of salmon and steelhead trout. The program supports a wide array of project types including riparian and stream restoration, sediment reduction, fish passage improvement, technical and public education, water conservation, and organizational support.	Grant	public agencies, Native American Indian Tribes, and nonprofit organizations.	Applications accepted in February of each year.	None	Federal grant funds (Pacific Coast Salmon Recovery Fund) and State funds (Proposition 84, Steelhead Report Card Program, Salmon Stamp Program)	Amount of funds available each year depends on Federal grant funds received and State funds available. Funds are awarded in a competitive proposal process.	Funds are awarded approximately 12 months after proposals are received, following review, ranking, and Director approval.	http://www.dfg.ca.gov/fish/Administration/Grants/FRGP/index.asp Contact: Patty Forbes patty.forbes@wildlife.ca.gov 916-327-8842
Ecosystem Restoration Program (ERP)	The program is a multi-agency effort aimed at improving and increasing aquatic and terrestrial habitats and ecological function in the Sacramento-San Joaquin Delta and its tributaries. The ERP implements restoration projects through grants administered by the ERP Grants Program. The vast majority of these projects focus on fish passage issues, species assessment, ecological processes, environmental water quality, or habitat restoration.	Grant	public agencies, Native American Tribes, nonprofit organizations	Ongoing	None	Propositions 204, 50, and 84	Current funding does not allow for a competitive solicitation at this time. However, proposals may be considered through the Directed Action Process as funding allows.	Funds are awarded after going through independent scientific review, review by Implementing Agency Managers, and Director approval.	http://www.dfg.ca.gov/erp/grants_projects.asp Contact: Kevin Fleming kevin.fleming@wildlife.ca.gov 916-445-1739

Land Acquisition Program	Statewide - This program acquires real property or rights in real property on behalf of the Department of Fish and Game (DFG) and also awards grants to other governmental entities or nonprofit organizations to acquire real property or rights in real property. All acquisitions are made on a "willing seller" basis pursuant to the appraised fair market value. The acquisition activities are carried out in conjunction with the DFG, which generally entails DFG evaluating the biological values of the property through development of a Land Acquisition Evaluation (LAE, used for a single piece of property) or a Conceptual Area Protection Plan (CAPP, used for multiple properties). Once these evaluations are completed, they are submitted to DFG's Regional Operations Committee for review and approval. If approved, they are sent to WCB with a recommendation to fund. Concurrently, the WCB meets with DFG to evaluate and set acquisition priorities as new opportunities arise.
